# Who we are

**LELOI EXIM GLOBAL CO., LTD** is a Vietnamese manufacturer and exporter of engineered wood products, headquartered in Thanh Hoa. We operate across the full value chain: from planted-forest sourcing and factory production to export logistics and after-sales documentation.

Beyond manufacturing, we run **leloiglobal.com — Trust & Trade Hub**: a digital platform for partner verification (TrustCheck), trade data and EUDR compliance. This dual capability — **physical products + digital trust infrastructure** — is what sets LELOI apart: our buyers can verify us, trace their orders and receive compliance-ready dossiers.

<b>Legal name</b>	LELOI EXIM GLOBAL CO., LTD
<b>Headquarters</b>	775 Nguyen Trai St., Hac Thanh ward, Thanh Hoa Province, Vietnam
<b>Factory</b>	AN LAM CO., LTD — Dai Giap, Tan Dinh, Bac Ninh, Vietnam
<b>Business lines</b>	Wood products manufacturing & export · trade services · digital trade platform
<b>Key products</b>	Film-faced / commercial / veneer-faced / packing plywood · primed moulding · LVL · MDF · FJ & solid panels · wood pellets
<b>Export markets</b>	European Union · United States · Japan · Korea & more
<b>Certificates</b>	FSC · CE · CARB Phase 2 / EPA TSCA Title VI

# What drives us

## Vision

To become Southeast Asia's most trusted partner for **sustainable engineered wood** — where planted-forest timber, modified wood and bamboo progressively replace tropical hardwood in global construction, on a clear path toward **carbon neutrality**.

## Mission

We manufacture certified wood products from planted forests, deliver **deforestation-free documentation with every order**, and connect Vietnamese producers with global buyers through a transparent, verifiable trade platform.

## Core values

<b>Trust first</b>	"Verify before you trade" — every claim backed by documents, data and open verification.
<b>Sustainability</b>	Planted-forest sourcing, zero-waste production, compliance ahead of regulation (EUDR).
<b>Consistent quality</b>	ISO-compliant processes, batch-level traceability, international certifications.
<b>Long-term partnership</b>	We grow with our buyers — reliable supply, honest communication, 24-hour response.

# Sustainable by design, compliant by default.

Nearly 70% of the world's primary rainforest has been lost. Our answer is simple: build a supply chain that never touches it.

## **Planted-forest sourcing**

100% of our timber comes from planted forests with legal harvest documentation — never from natural or primary forest.

## **Zero-waste production**

Wood waste becomes pellets, shavings and biochar — every part of the log is used, nothing is discarded.

## **EU EUDR-ready — before the deadline (30 Dec 2026)**

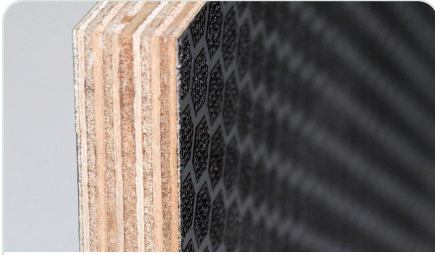

- ✓ Geolocation / GeoJSON of harvest plots
- ✓ Batch-level traceability records
- ✓ Deforestation-free evidence (satellite screening)
- ✓ DDS-ready data for EU filing
- ✓ Bilingual (EN-VI) supplier dossier with every order

**Innovation:** we develop modified wood and bamboo using a combined Hydro + Heat + Calcification treatment — improving durability so fast-growing species can replace tropical hardwood.

# Product portfolio

Full specifications and photos in our **Wood Products Catalog 2026** — [leloiglobal.com/plywood](http://leloiglobal.com/plywood).

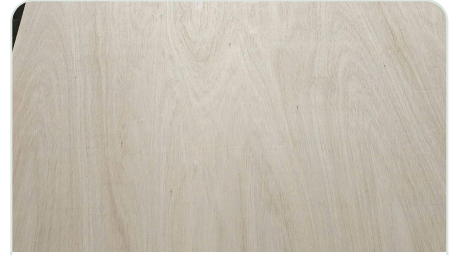

### Film-Faced Plywood

Formwork · 9–21 mm · WBP

### Commercial Plywood

Furniture · 3–25 mm · MR/WBP

### Veneer-Faced Plywood

Birch · oak · ash · melamine

### Packing Plywood & Pallets

Industrial packaging · fast

### Primed Moulding (FJ)

Casing · crown · up to 5.4 m

### LVL & Panels

LVL · FJ & solid boards

### MDF · Pellets · Components

OEM/ODM · mixed containers

**Plywood sizes:** 1220 × 2440 · 1250 × 2500 · 1200 × 2400 mm — thickness 3–25 mm, custom on request.

# Manufacturing & quality control

ISO-compliant production in Thanh Hoa: veneer preparation → glue spreading → hot-press lamination → calibration & sanding → grading & QC → export packing. Every batch is logged for full traceability.

- ✓ Kiln-dried, moisture-controlled raw material from planted forests
- ✓ Hot-press lines with temperature & pressure logging
- ✓ Grading to order specification (BB/CC and customer grades)
- ✓ Pre-shipment inspection welcome — third-party or buyer QC

# Certified quality & compliance

Copies of full certificates are available on request.

**FSC**

**CE — EU Conformity**

**CARB Phase 2 / EPA TSCA**

<b>FSC</b>	Responsible forest management — chain of custody
<b>CE</b>	EU declaration of conformity for construction plywood
<b>CARB P2 / TSCA</b>	US formaldehyde-emission compliance (Cert No. CARB/EPA24006)

# Markets, tariffs & logistics

Vietnam holds **17 free-trade agreements** — including EVFTA (EU) and CPTPP — giving our buyers preferential tariffs across major markets.

<b>Key markets</b>	European Union · United States · Japan · Korea · Australia · Middle East
<b>Preferential FTAs</b>	EVFTA · CPTPP · VN-EAEU · RCEP · UKVFTA & more
<b>Shipping modes</b>	Sea (FCL/LCL) · air · rail — bulk shipping for large volumes
<b>Incoterms</b>	FOB · CIF · CFR · EXW · DDP
<b>Documentation</b>	CO (form EUR.1/others) · phytosanitary · fumigation · EUDR dossier

## Digital trade platform — leloiglobal.com

- ✓ **TrustCheck** — buyers verify suppliers before trading (and verify us)
- ✓ **EUDR services** — compliance dossiers for wood & coffee exporters
- ✓ **Trade data** — HS codes, tariffs, shipment records & buyer discovery

# Why buyers choose LELOI

## 01 • Factory-direct

No middle layers — consistent quality, honest pricing, direct communication with the production team.

## 02 • Compliance ahead of regulation

EUDR documentation ready before the 30/12/2026 deadline; FSC, CE and CARB P2/TSCA certified.

## 03 • Verifiable trust

We built a verification platform — and we hold ourselves to the same standard. Check us on TrustCheck.

## 04 • Sustainable supply

Planted-forest timber and zero-waste production protect both the planet and your brand.

## 05 • Responsive partnership

24-hour quote turnaround, pre-shipment inspection welcome, long-term supply planning.

LET'S BUILD — SUSTAINABLY

# Work with us.

Product enquiries, partnership or compliance support — our team replies within 24 hours.
