Logistics	Sea, air & rail — FOB / CIF / CFR / EXW / DDP

"Verify before you trade" — buyers can verify our company and shipment history on leloiglobal.com (TrustCheck).

Film-Faced Plywood

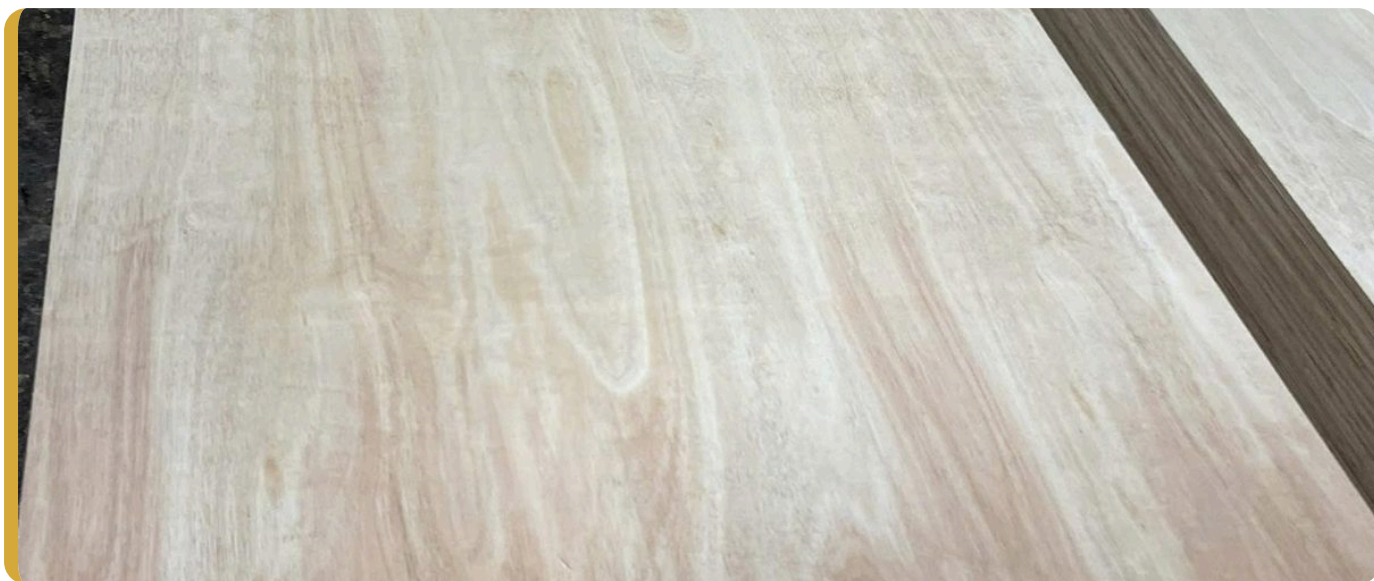

Formwork-grade plywood with phenolic film faces. Smooth, water-resistant surface with high reusability — engineered for concrete formwork and demanding construction use.

Size	1220 × 2440 / 1250 × 2500 / 1200 × 2400 mm (custom on request)
Thickness	9 – 21 mm
Glue	WBP / melamine, phenolic
Film	Dynea film — black / brown
Core	Hardwood, planted-forest wood
Reuse	Multiple pours with proper care

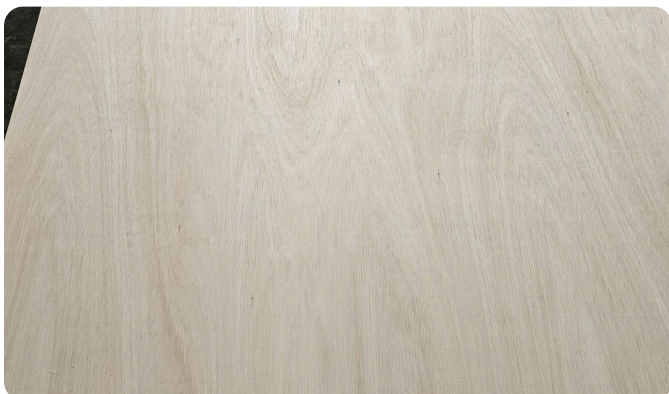

Commercial Plywood

Multi-purpose plywood for furniture, interior fit-out and packaging. Faces in bintangor, okoume, birch or keruing on poplar / hardwood core.

Size	1220 × 2440 / 1250 × 2500 / 1200 × 2400 mm (custom on request)
Thickness	3 – 25 mm
Glue	MR / WBP
Grade	BB/CC and per order
Face / core	Bintangor, okoume, birch · poplar / hardwood
Use	Furniture · interior · packaging

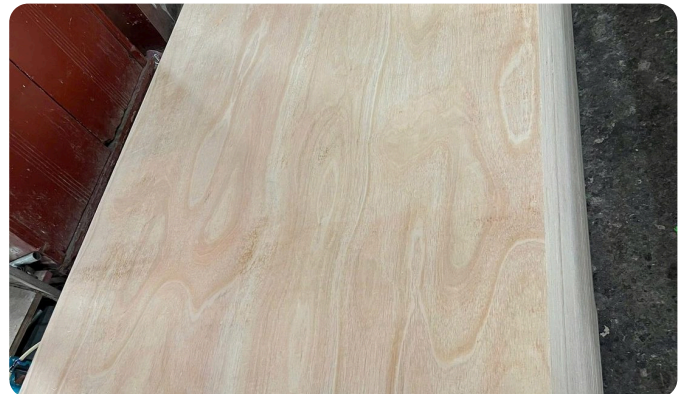

Veneer-Faced Plywood

Decorative plywood faced with natural wood veneer — birch, oak, ash or walnut — or melamine-laminated surfaces. Smooth, ready-to-finish panels for furniture, cabinetry, doors and interior fit-out.

Size	1220 × 2440 / 1250 × 2500 mm (custom on request)
Thickness	3 – 25 mm
Face	Natural veneer: birch · oak · ash · walnut — or melamine
Core	Poplar / hardwood / combi
Glue	MR / E1 low-emission
Use	Furniture · cabinetry · doors · wall panels

Packing Plywood & Pallets

Cost-effective plywood for crates, pallets and industrial packaging. Stable quality and fast lead time for high-volume, repeat orders.

Size	1220 × 2440 / 1250 × 2500 / 1200 × 2400 mm (custom on request)
Thickness	5 – 18 mm
Glue	MR
Grade	Utility / packing grade
Strength	Consistent lamination, low void
Lead time	Fast — volume production

Primed Moulding (Finger-Joint)

Finger-joint pine and hardwood mouldings with white gesso / lacquer primer — casing, baseboard, crown, door jamb profiles for US & EU housing markets.

Material	Radiata / Elliottii pine, hardwood
Primer	White gesso / lacquer, sanded
Length	Up to 5.4 m
Profiles	Casing · baseboard · crown · jamb · custom
Joint	Finger-joint or solid
Packing	Shrink-wrapped bundles, pallets

LVL & Other Wood Products

LVL (laminated veneer lumber), MDF, finger-joint & solid panels, furniture components and wood pellets. OEM/ODM manufacturing to your drawings.

LVL	Structural & packing grade, custom sizes
Panels	FJ / solid boards, kiln-dried
Also	MDF · furniture parts · wood pellets
Service	OEM / ODM, mixed containers OK

Buying wood for the EU?

EUDR applies from 30 Dec 2026.

From 30/12/2026, wood products entering the EU must be proven **deforestation-free** (cut-off 31/12/2020) with geolocation and traceability. Most suppliers are not ready — we are. Every LELOI order ships with:

- ✓ Geolocation / GeoJSON of harvest plots
- ✓ Batch-level traceability records
- ✓ Deforestation-free evidence (satellite screening)
- ✓ DDS-ready data for your EU filing
- ✓ Bilingual (EN–VI) supplier dossier

Why it matters: non-compliant shipments risk being held at EU customs. Choosing an EUDR-ready supplier protects your delivery schedule and your customers.

Certified quality & compliance

Copies of full certificates are available on request.

FSC

CE — EU Conformity

CARB Phase 2 / EPA TSCA

FSC	Responsible forest management — chain of custody
CE	EU declaration of conformity for construction plywood
CARB P2 / TSCA	US formaldehyde-emission compliance (Cert No. CARB/EPA24006)

LET'S TRADE — SAFELY
